Go on board the Spaceship!

Melodi: Lille Petter Edderkopp

Go on board the spaceship,

We're going to the moon.

Hurry up, get ready,

We're going to blast off soon.

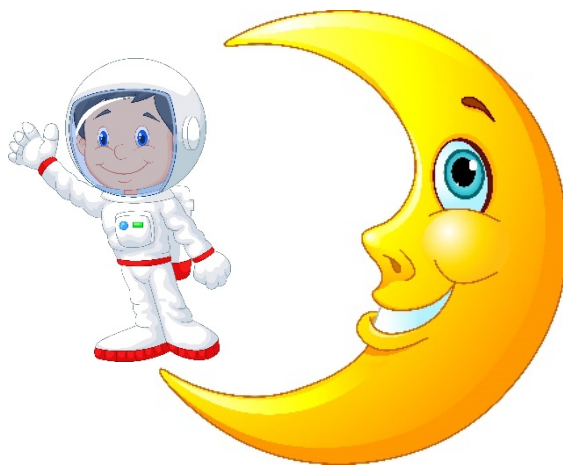

Put on your helmets

And buckle up tight.

Here comes the countdown,

Let's count with all our might.

10-9-8-7-6-5-4-3-2-1---BLAST OFF!!

Four Little Stars

Four little stars
Blinking at me.
One shot off,
Then there were three!

Three little stars
With nothing to do.
One shot off,
Then there were two!

Two little stars
Afraid of the sun.
One shot off,
Then there was one!

One little star
Alone is no fun.
It shot off,
Then there was none!

Planet Song

Melodi: Napoleon med sin hær

Closest to the sun, you find Mercury. The next one is Venus,
on the earth lives you and me. Mars is red and Jupiter is big.

Saturn is famous for a cold and frozen ring.

Uranus is the coldest planet of them all. Neptune is windy like
the storms we have in fall

Now you know the names of the planets near the sun. So come
on now and join me, to sing it will be fun!
