# Instruksjoner

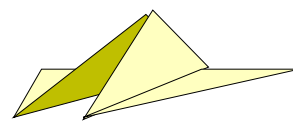

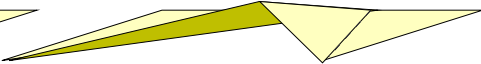

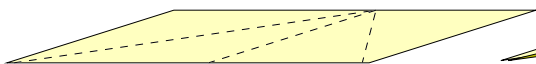

## FLYET

- Brett over arket slik at brettelinjen vender ned.
- Brett fremover først, trykk og åpne igjen langs begge skrålinjene. Brett også tilbake langs den vannrette linjen og åpne igjen.
- Deretter drar og setter du sammen brettene som vist på de første to tegningene.
- Nå bretter du hjørnene opp på hver trekant, nesten til midtlinjen.
- Brett tilbake nesene på papirflyet.
- Brett opp langs midtlinjen, og brett deretter hver vinge ned.

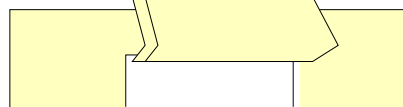

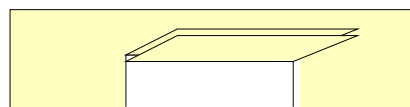

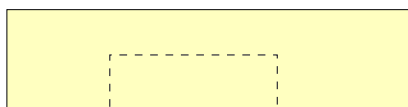

## DE JUSTERBARE KLAFFENE

- Klipp langs sidene.
- Brett oppover hvis du vil at flyet skal stige ... brett nedover hvis du vil at flyet skal dale.

## HALEN

- Brett sammen de to skrå brettelinjene.
- Press sammen øverst.

## FESTET

- Klipp langs sidene.
- Brett til en side for å holde flyet sammen.
