

## Writing frame

### My practice period

To have your text evaluated you must write at least 5 complete sentences for each paragraph. Do not just answer the questions in the frames with one sentence, but describe the things you mention. The more you are able to say about them, the better the essay.

Where did you work?

Give some information about the company you worked for and the place you worked.

What did you work with?

Choose one or two things you did and describe them carefully.

What did you learn?

Did you practise anything that you have learned at school? What? (From your area of study? Health, Environment, Safety (HES)? How to treat/talk to customers?)

Did you learn anything about yourself? (Can you take instructions, co-operate with other people? How do you work under pressure? Are you short-tempered?)

Free frame. Here you can write something exciting or surprising that happened during your practice period.

What did you like about the work/workplace?

What didn't you like about the work/workplace?

Would you like to work there again?
