

WORKSHEET 4: Making a Tourist Brochure

You are going to make a brochure for your American guests. In this brochure you should include the Viking Ship Museum, Holmenkollen Ski Arena and the Opera House at Bjørvika. In addition, you should choose two other attractions in Oslo that you think might be interesting for this group of Americans.

Be sure not to copy and paste, but read up on the different topics before you start making the brochure, and write the information in your own words. The brochure should not have too much text, and should be interesting enough to make the guests want to read it, and to visit the attractions you present.

Before you start making the brochure, study how to make a brochure in Microsoft Word (or another program) on the following link:

When making the brochure you should think about:

- Relevant and updated information
- Correct grammar and spelling
- Varied vocabulary
- Layout, including pictures
