Written work:

- Grammar
- Vocabulary
- Sentence structure
- Layout

Oral work:

- Activity during the project period
- Presentation techniques
- Content of presentation (see Worksheet 1)
- Communicative skills (be clear and precise, know your material – no reading during the presentation, body language, look at the listeners, smile, speak clearly)

SELF-ASSESSMENT

Fill in:

Describe briefly how you have worked with this project.	Do you think you have extended your vocational vocabulary?			Describe what you have learned about hotel work and tourism.	What do you think were the most valuable sources in this project?	How satisfied were you with your presentation?	What have you learned from this project altogether? If you were allowed to improve something, what would you do?
