Assessment criteria

The assessment of the candidate is based on:

- how well he/she has understood and defined the specific demands of the task and responded to these
- how much knowledge and understanding he/she has shown in relation to the task
- to what degree he/she has applied relevant course content, other sources and teaching experience successfully
- to what degree he/she has shown critical and independent thinking and reflected a professional response
- how accurate, clear, concise and precise language he/she has used
- how appropriate he/she has adapted vocabulary and style for the text genre
- how effectively he/she has structured the text
